

Harbour View

Two residential buildings on a private island

64 apartments | Building A: 6 floors | Building B: 4 floors

The development

Harbour View brings two residential buildings to a car-free island with its own marina, a waterfront promenade and a garden courtyard between the buildings.

Building A has six floors with eight apartments each. Building B has four floors with four apartments each. Every apartment has a balcony; north-facing apartments look over the water.

Residents park in the lot by the island road. The pier has berths for small boats.
